

Reef Runner — Mod Challenges

Dares for your game. Do one, then hit Play and watch!

How to play: click the piece it says → change the number or colour in the **Settings** panel
→ press ► **Play (F5)**. Don't like it? **Undo** with Ctrl/⌘ + Z and try another.

Moon Jump

CLICK PLAYER → JUMP FORCE

Change it to **-900**.

She launches super high! (Keep it negative.)

Slow-Mo Splash

CLICK PLAYER → GRAVITY

Change it to **400**.

She floats down slowly, like she's underwater.

Speedy Fish

CLICK PLAYER → SPEED

Change it to **500**.

Zoom! She runs twice as fast.

Lava Floor

CLICK GROUND → VISUAL → COLOR

Pick a **bright red or orange**.

The sea floor turns to lava!

Rainbow Reefs

CLICK A COIN → SPRITE2D → MODULATE

Give each reef a **different colour**.

A rainbow reef to save!

Dizzy Reefs

CLICK A COIN → SPIN SPEED

Change it to **12**.

The reefs spin like tops.

Super Enemy

CLICK ENEMY1 → SPEED & MOVE DISTANCE

Speed **300**, Move Distance **400**.

It zooms way farther. Can you dodge it?

Nine Lives

CLICK GAMEMANAGER → STARTING LIVES

Change it to **9**.

Way more tries before Game Over.

Reef Explosion

RIGHT-CLICK COIN1 → DUPLICATE

Make **10 copies** and scatter them in the Stage.

A whole reef to rescue — each one already works!

Build Your Level

DRAW PLATFORM1 / PLATFORM2 IN THE STAGE

Move them into a **staircase** she can climb.

You just designed a level!

Reskin the Hero

FILES PANEL → REPLACE ICON.SVG

Drop in **your own drawing** (make one in Piskel!).

Every fish, reef & enemy uses YOUR art.

Your Own Dare

YOUR IDEA

What do you want to change?
